

## Global Entertainment Technology, Inc., (“GET”) CEO Dain Schult, Announces Addition of the Miracle Wonderland Radio Company

**AUGUSTA, Ga. - Sept. 28, 2016 - [PRLog](#)** -- GET has announced the addition of a new subdivision to its American Internet & Radio programming operations – The Miracle Wonderland Radio Company (“MWRC”) for the creation and promotion of short and long form programming and promotions.

GET CEO, Dain L. Schult, remarked, “We needed a separate wing for the various long form programming (music formats) and short form weekend programs we’re developing so it only seemed logical to create this subdivision. The programming elements of MWRC project the artistic and whimsical elements of the business. While we’ll be multidimensional media with wireless and Internet services on top of radio, this is the “fun” side of GET.”

Some, but certainly not all, of the service-marked features and formats that MWRC will develop are “The Dixie Flyer Radio Hour,” “South of the Border Saturday Night.” “The Big Kahuna” and “Segue City,” to begin with. MWRC will cross-affiliate with GET’s in-house media rep firm, Amerirep for the marketing and syndication elements.

Once fully operational, there will be a promotional contest for listeners to see if they can figure out how GET came up with this name for The Miracle Wonderland Radio Company.
